

Proposal for an Evaluation Form [to be available on the website - for use in the process of evaluating submissions]

1. Does it make a relevant contribution to the problem or theme addressed?

*

2. Does it present concepts clearly and relevant to the topic?

*

3. Does it develop their main arguments clearly and articulately? *

4. Is the abstract appropriate to the content of the article?

*

5. Does it present a bibliography appropriate to the topic?

*

6. What is your assessment of the quality of the article?

*

- Excellent
- Good
- Average
- Insufficient

7. The article must be:

- Approved without changes
- Approved subject to changes
- Disapproved

Dear Evaluator, in the case of “Approved subject to changes” or “Disapproved”, please indicate in the space below: the “changes” that the author must make or the main reasons for “disapproval”.
